

RFD SEASAVA ISO

(4-12 PERSONS)

INSULATED FLOOR FOR INCREASED COMFORT

The Seasava is based on the highly successful SOLAS-approved Survitec MK4 range, the canopied inflatable throw over Seasava Pro-ISO liferaft has been developed specifically to accommodate the requirements of smaller vessels with limited deck space such as fishing boats

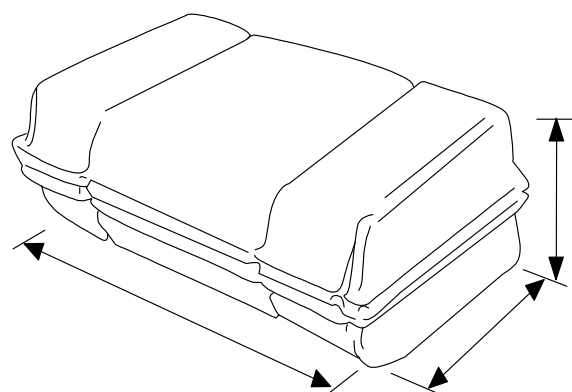

Meeting the stringent ISO9650-1 standard for inflatable liferafts, the RFD Seasava Pro-ISO liferaft is one of the most robust and durable smaller liferaft options available.

- ✓ Manufactured from durable PU coated polyester
- ✓ Extended service period of 3 years, reducing ongoing costs
- ✓ Manufactured from corrosion & abrasion- resistant material
- ✓ High-volume water pockets to ensure maximum stability
- ✓ Simple-to-close canopy is manufactured to the highest SOLAS standards, providing added protection from the elements
- ✓ boarding ramp allows for quick, easy and safe boarding
- ✓ Interior lifelines help occupants stabilize them during heavy seas
